The Government of Cyprus has introduced a new strategy for attracting foreign companies and skilled talent to Cyprus. The strategy mainly focuses on high technology, shipping, pharmaceutical, innovation, and research and development companies. This strategy included a series of new incentives concerning residency, taxation, and employment, through a fast, simple, and streamlined procedure. Invest Cyprus provides fast and efficient services to foreign businesses wishing to set-up a presence in Cyprus or to expand their business activities. The team provides all necessary information and step-by-step guidance to companies and skilled talent wishing to explore the new incentives scheme.
